

Creedmoor Psychiatric Center Building 40 Reconfigure Entrance Lobby and Relocate Work Control Area

The Creedmoor Psychiatric Center provides, inpatient and outpatient mental health services, as well as residential services, to adults suffering from severe mental illness. Located on a campus spanning 300+ of more than fifty buildings, the 17-story inpatient treatment Center includes 19 wards (470 beds), 2 admissions wards and 17 intermediate and extended care wards.

AGCE provided comprehensive MEP design services including electrical distribution upgrade, public address system, and fire alarm system for the renovation and alteration of patient rooms, doctor's offices, nurses call station/office, toilet facilities, partial kitchen and cafeteria. The mechanical component of the project included the replacement of old air handler units, fan coil units, pumps and renovation of other fans.
