

NYCDPR Jackie Robinson Avenue Recreation Center

Providing ten blocks of resources, Jackie Robinson Park is a Harlem jewel. One of four spaces designated Historic Harlem Parks, the park is noted for its strong connection with the community. Originally built as a neighborhood playground to encourage organized play for city children, and one of the ten original parks to receive a City pool, Jackie Robinson Park's history is steeped with efforts to bring the neighborhood together in recreational fun. Along with its pool opening in 1936, a recreation center was created the same year. Equipped with traditional cardiovascular equipment, weight room, and gymnasium, the recreation center also boasts a library, Computer Resource Center, and an arts & crafts room, among other features.

As part of the facility upgrade, AG provided MEP design services, including electrical upgrade, fire alarm system and plumbing renovations for the recreation center.
