

NYCHA Hill Community Center

AG completed electrical/HVAC/plumbing/fire protection design services. This project involves demolishing the existing 1,600 sq. ft. community center and replacing it with the new 5,000 sq. ft. facility. Work includes employee offices, toilet facilities, lockers, public assembly areas and a non-commercial kitchen. AG provided complete assessment and upgraded electrical, plumbing and fire protection, HVAC, and security system.
