

NYCSCA Intermediate School 226

Public Address System

Intermediate School 226 designed in 1975 and located in Queens, NY is housed in a four stories building of a square shape with an addition of a modular building designed in 1999. The total building area is 275,000 s.f which housing 3 additional schools and a total number of 1,750 students and 145 staff.

AG, as a Prime Engineering Consultant to SCA, was assigned to scope and a design a new fully integrated Public Address and Clock System. AG engineers surveyed with great details more than 270 classrooms, offices and spaces to ensure the final product is fully aligned with SCA design Standards. During the Scope and Design Phases AG engineers meet multiple times with Schools Principals to listen and provide customized solutions to the specific needs of each school.
